### UHart Mods - Removed

OBJECT	OBJECT DESCRIPTION	MOD DESCRIPTION
SLARASG	Room Assignment Form	Added code to create/update address, box number , phone number. Make modifications to not allow more than one active housing assignment per person per term. Disregard Room and Applicant Attributes when making on-line assignments - must-match attributes require Restriction override.
SLARDEF	Room Definition Form	Updated to allow numbers in must-match field to enhance automatic matching.
SLARMAP	Dorm Room/Meal Application Form	Updated to allow numbers in must-match field to enhance automatic matching
SOAAPPT	Person Appointments/Contacts Form	Layout is same, but fields changed to use Tour/Interview data.
SOADDRQ	Address Summary Form	Modified to display phone number
SOADEST	Student System Distribution Init Form	Modified to make fields always uppercase
SOASUPL	Application Supplemental Info	"List of Values" added to "institutional data 1" field for Admission Letter types
SPAIDEN	General Person Identification Form	Modification to make "Gender" a required field error checking on phone number fields.
SPAPERS	General Person Form	Modification to make "Gender" a required field.
SRAQUIK	Quick Recruit Form	Modification to make "Gender" a required field. Defaulting values to cut down on keystrokes.
SRARECR	Prospect Information Form	Defaulting values to cut down on keystrokes.
SSASECQ	Schedule Section Query	Form has been completely re-worked, almost looks like an entirely different form from baseline. Added Display of Meeting Days and Times. Removed Block Indicator, section number, campus, reserved seats, waitlist data. Added order by subject, course, crn. This was all done for general usability.
SSASECT	Schedule Section Form	Allow the ability to update the start and end dates of the part of term. Do not allow update of part of term - only the dates.
STVCTYP	Contact Type Validation Form	Added Uhart custom group code to better categorize contacts
TGAMESG	Billing Message	provide capability to include message on bill based on group of detail codes
TSAAREV	Account Detail Review	relocated tran number and tran number paid fields return to hold password field from SOAHOLD
TSADETL	Student Account Detail	Display ferpa and bank mobile labels in key block
TSALBOX	Lockbox Correction	unable to query data in the Batch Summary block
TSASPAY	Student Payment	Clear to attend functionality no longer used
TZIBILL	Bill Review	Use TGISTMT instead
