

DPT Health requirements differ from those of the University of Hartford Health Services. Below is a table to help you understand how to navigate the complete DPT Program health and on-boarding process. Please note, students are required to show proof of physical, flu vaccination, Tuberculosis testing and health insurance on an annual basis*.

*Physical Therapy Program Requirements need to be documented on the following two forms: Physical Therapy Program Medical Health Form & Student Health Services Immunization Record Form	
MMR vaccine	2 doses or + titer showing immunity
Varicella (chicken pox) vaccine	2 doses or + titer showing immunity
Hepatitis B	Vaccine series (3) or + titer showing immunity
Tetanus	Proof of booster within 10 years
Physical	Annual
Flu shot	Annual (to be completed in the fall for the upcoming flu season, which goes from October 1 st to March 1 st).
Tuberculin/PPD test 1 step	Annual *If positive – need chest x-ray/blood test; 2-step may be required based on specific clinical site
COVID-19 Vaccine	2 doses + subsequent booster/s
Proof of Health insurance	Annual
Criminal Background Check	Entrance into DPT program and prior to Year 2 at minimum
10 Panel Drug screen	Entrance into DPT program at minimum
