Strategic Plan Goal Two
Growing Partnerships

Request for Proposals

Goal Two of the University of Hartford Strategic Plan calls for us to grow the scope of external partnerships that “maximize the career, entrepreneurial and intellectual readiness of our students.” Our efforts in this area include broadening and deepening the activities of existing external partnerships and developing new external partnerships.

The purpose of this RFP is to support faculty and staff in the design and implementation of mutually beneficial partnership activities. These are one time awards to underwrite start-up or initial expansion costs. For existing partnerships, funds should be used to create activities that include students from departments or colleges not currently involved with the partner and/or to significantly increase the number of students impacted by an existing initiative. A newly proposed activity and partnership should fit into one of our sectors of focus: the arts, health care, education, or business and industry. Priority will be given to projects that impact the greatest number of students and programs. Awards are expected to range between $5,000 and $20,000 per project and the funds can be expended during this fiscal year (ending on June 30) or the following fiscal year.

Completed proposals must be submitted via email to Lynn Baronas (baronas@hartford.edu) by March 15, 2015. If you have any questions please contact Lynn at the above email or at 4388. Proposals will be reviewed by members of the Goal Two Implementation Team.

Title of Proposed Project:

Please characterize the proposed activity (check one):

- An activity with a new university partner
- An activity that involves new departments or colleges in an existing partnership
- An initiative that significantly expands the scope and reach of a current partnership

Into which sector does the proposed activity fit (check one)?

- The Arts
- Health Care
- Education
- Business and Industry
Partner Organization: ______________________________________________

Brief Description of Organization:

Contact Information:
• Name: _____________________________________________
• Position: ___________________________________________
• Address: ___________________________________________
• Email________________________Phone_________________

Description:
Please attach a description (no more than 2 pages) of your proposed activity or activities, explaining how it will address the career, entrepreneurial, or intellectual readiness of students. Your proposal must address the following questions:
• What is the activity (or activities) you plan to implement?
• Which college/s and department/s will benefit?
• What are the anticipated concrete, measurable benefits for students?
• What are the anticipated concrete benefits for the partner organization?
• How will you assess the effectiveness and impact on both parties?
• How will you and the partner sustain this project beyond the funding period?

Please also attach a timetable, a brief budget and budget narrative. Include items such as personnel, course release, stipends, travel, equipment, and administrative support. Remember that these are to be one-time expenses.

Letter of Support:
Finally, please attach a letter from the partner organization indicating support for the specific activity proposed.
