Introduction to the arts and culture of Japan, organized chronologically into thematic sections beginning with Neolithic pottery and ending with popular woodblock prints and modern transformations. Artistic and cultural achievements are examined in the context of Japanese literature, history, and religions. Topics include foreign influences, indigenous productions, and social networks and patronage. This course fulfills the Non-western distribution requirement for the Art History major and minor. Prerequisite(s): Any 200-level art course, ART 100 with junior/senior standing, or AET 155 and AET 156 or permission of instructor. Visual resources fee.

This course explores a range of qualitative research methods and their application to the field of communication. The methodologies covered in this course include observation, interviews, focus groups and content analysis. Students will design a research project and conduct research. This is a hybrid course comprised of in-class meetings and independent online work.
