Career Services Mission Statement

The primary mission of Career Services is to assist undergraduate students in making effective career decisions during each phase of their career development. Secondarily, Career Services may provide such assistance to graduate students and alumni, in that order, whenever staff and resources are available.

This mission is accomplished through the following activities:

- Provide leadership and greater awareness to the University community regarding career development in accordance with the mission and strategic plan of the University of Hartford;
- Provide clients with assistance and resources to make developmentally-appropriate career and related educational decisions through counseling, education, and media;
- Develop positive relationships with employers and external constituencies to actively support clients in their search for employment;
- Support experiential education through the development of information and resources on internships, co-ops, and student employment opportunities;
- Support institutional outcomes assessment and relevant research.
